FIREFIGHTER FATIGUES

TECGEN 51

Easily power through 90% of your calls with this single-layer garment designed to require less cardiovascular energy than your structural gear. Dual-certified to give you the protection you need, our TECGEN51 Fatigues reduce heat stress, fatigue, and the spread of harmful carcinogens.

Certified to NFPA 1951 and 1977

THE PERFECT FIT FOR:

Extrication/MVAs

Search & Rescue

Confined Space Support Personnel

Junior Firefighters / Explorer Programs

Wildland, Grass & Brush Fires

High / Low Angle Rescue

Trench Rescue
